EDUCATION

UET Peshawar
BS Electrical Engineering
(Communication)
CGPA: 3.43/4.00

TECHNICAL SKILLS

Communication & Wireless
Systems
Digital Signal Processing (DSP)
Networking (TCP/IP, Routing)
Cisco Packet Tracer
MATLAB fundamentals
Arduino & IoT

LANGUAGES

English
Urdu

PROFESSIONAL SUMMARY

Fresh Graduate with strong foundation in telecommunications, networking, and signal processing. Skilled in MATLAB, PLC basics, IoT, and microcontroller-based systems. Seeking entry-level position in telecom or automation.

PROJECTS

Smoke detector using 8051 microcontroller
Microcontroller-Based Project
Designed microcontroller-based monitoring system.
Improved efficiency and reduced manual effort.

Networking Simulation
Networking Simulation Project
Designed and configured LAN network simulation.
Implemented routing and switching configurations.
