CORE STRENGTHS

- Strong analytical & problem-solving
- Fast learner, practical approach
- Works under pressure & deadlines
- Effective team collaboration
- Self-motivated, detail-oriented

CERTIFICATIONS

CCNA – Cisco Certified
Network Associate
In Progress (Cert. Pending)

Python Programming
Complete Course
In Progress (Cert. Pending)

INTERESTS

- Networking & Infrastructure
- Embedded Systems
- Signal Processing
- Programming & Automation

PROFESSIONAL SUMMARY

Motivated and high-achieving Electrical Engineering student (6th Semester) at UET Peshawar — Communications Department — with a strong CGPA of 3.35/4.0. Equipped with hands-on expertise in networking (CCNA), embedded systems, and multiple programming languages. Passionate about applying technical knowledge in real-world communication and embedded systems projects. A dedicated team player seeking opportunities to grow professionally while contributing meaningfully to forward-thinking organizations.

EDUCATION

Bachelor of Science — Electrical Engineering **CGPA: 3.35 / 4.0**
Communications Department | University of Engineering & Technology (UET) Peshawar
Currently in 6th Semester *In Progress*

FSc — Pre-Engineering (Intermediate) **Grade: A+**
MM College Peshawar

TECHNICAL SKILLS

Networking & Infrastructure

- CCNA Networking
- Network Design
- LAN / WAN
- IP Addressing

Programming Languages

- C++
- Python (Basic)
- MATLAB

Engineering Tools & Technologies

- Embedded Systems
- MATLAB Simulation
- Digital Circuits
- Signal Processing

RELEVANT COURSEWORK

- Data Communications & Networking
- Wireless Communication Systems
- Electromagnetic Theory
- Digital Signal Processing
- Microprocessors & Embedded Systems
- Circuit Analysis & Electronics
- Programming Fundamentals (C / Python)
- Signals & Systems
