Pak Everbright Development Organization

March Newsletter

Khuddar, an initiative of Pak Ever bright Development Organization with the collaboration of KPITB under the digital jobs in Khyber Pakhtunkhwa Project. This project will take 800 trainee PWDs through a robust project based two-month practical training course.

Persons with disabilities urgently needs basic skills and trainings for their education, movement and other activities to live their lives independently and this project will bring a lot of positive changes in the life of PWDs, here the main objectives of the Khuddar project i.e., the **Khuddar Digital Training 2022** are to impart digital trainings for persons with disabilities.

The proposed project will target seven different divisions of Khyber Pakhtunkhwa where PWDs show their interest in specified course training. These professional skills are not only a source of income and sustainable livelihood, these further provide a great exposure online both nationally and internationally, which add to the self-confidence, trust, independence, freedom, respect, dignity and identity.

The official launch ceremony of Khuddar: employable digital skills for people with disabilities.

Secretary Science & Technology and information technology Mr. MatiUllah khan attended the ceremony as chief guest while managing director KPITB Dr. Sahibzada Ali Mehmud, Chairman Trade testing board Peshawar, CEO Northwest Hospital Peshawar Dr. Zia ur Rahman, trainers and the implementation teams and other dignitaries were also present at the occasion.

While addressing the ceremony as chief guest secretary ST&IT said that the Khyber Pakhtunkhwa Information Technology Board (KPITB), under the Khyber Pakhtunkhwa Digital Policy 2018 - 2023, is empowering youth with in-demand Digital Skills to position the province as a hub of digital skilled workforce through a talent pipeline of youth specializing in in-demand skills and knowledge areas required by local and foreign industry. 'As a step towards achieving this goal and mainstreaming the youth of merged areas in the provincial Digital Economy, KPITB under the ADP, initiated a project titled, "Employable Digital Skills for the Youth of Newly Merged Areas" has trained 870 youth across the newly merged districts of Khyber Pakhtunkhwa with employable digital skills to improve the employment prospects and ensure their inclusion'. He added that the employable digital skills imparted to the youth included, Graphics Design, Word Press Design and Development, Blogging and Content Writing, Social Media Marketing and Mobile App Development.

According to the latest census, in Pakistan 10.5 percent of the total population in the country have various types of disabilities. In addition, these disabled people are facing a lot of challenges and hardships while entering into the industry and job market. To engage these PWDs in different digital sectors there is a dire need to empower the employable with digital skills, to enable them living their lives independently with dignity.

The Chief Guest, ST&IT officially launched the program and applauded the endeavors for the digital inclusion of PWDs and youth of the merged areas. He also distributed completion certificates amongst the top performers from the employable digital skills for the youth of merged areas.

Some glimpse of launching ceremony of Khuddar

First time in the global history from Pakistan is going to celebrate the international wheelchair day from Northwest institute of health sciences and Pak ever Bright Development organization with 980 people hand chain wheelchair logo with the following objectives and targets.

Objectives

States Parties shall take effective measures to ensure personal mobility with the greatest possible independence for persons with disabilities, including by:

Facilitating the personal mobility of persons with disabilities in the manner and at the time of their choice, and at affordable cost;

Facilitating access by persons with disabilities to quality mobility aids, devices, assistive technologies and forms of live assistance and intermediaries, including by making them available at affordable cost;

Providing training in mobility skills to persons with disabilities and to specialist staff working with persons with disabilities;

Encouraging entities that produce mobility aids, devices and assistive technologies to take into account all aspects of mobility for persons with disabilities.

To enable wheelchair users to celebrate the positive impact a wheelchair has in their lives.

To celebrate the great work of the many millions of people who provide wheelchairs, who provide support and care for wheelchair users and who make the World a better and more accessible place for people with mobility issues.

To acknowledge and react constructively to the fact there are many tens of millions of people in the World who need a wheelchair, but are unable to acquire one.
